

# EXECUTIVE GENERAL MANAGER

**Mining/Resources, Energy and Construction sectors  
Leading-edge Enterprise Resource Management Services  
Unique Business Opportunity offering Exceptional Rewards  
Perth WA Based National Focus**

Australia's leading provider of web based IT solutions that provide automated control over human resource risk management issues and workforce logistics to Australia's multi billion dollar resources and construction projects, is seeking an exceptional General Manager.

With a focus of growth and excellence, **you will need a dynamic, innovative business mind to lead this fast growing services business.**

The person we are seeking will have a strong understanding of the issues involved in the management of recruitment, mobilisation and induction of large scale construction workforces to remote sites. Furthermore, you will need a **highly developed understanding of workflow systems implementation** which underpins the maximisation of workforce performance and safety. Exceptional interpersonal skills will also be required to influence and communicate with project owners and stakeholders at the highest levels. It is likely therefore that you will have a background that encompasses Project Management, Industrial Relations, Human Resources, Risk Management and Business Development.

**In this autonomous role reporting to the Board of Directors**, you will have responsibilities of managing a blue chip client portfolio with the potential to extend this to the Asia Pacific region. You will be responsible for providing leadership and development of all aspects of the business. In setting and monitoring the strategic direction, you will ensure compatibility with the company's service offerings and key customer requirements. You will manage the business and explore new business opportunities through excellent internal and external relationships.
